

Self-referral for pregnancy/maternity care

To complete a self-referral for antenatal care at Milton Keynes University Hospital, please scan the QR code below.

To help us understand your individual needs, please answer all the questions as fully as possible. This will ensure you are booked for the most appropriate care and that you are referred to specialists if necessary.

By contacting us early in pregnancy, you are starting your maternity care, and ensuring the best possible health for you and your baby. When you submit the form, you will receive a confirmation email which explains what you need to do next.
